Christ University, School of Business and Management

Bangalore, India

Bachelor of Business Administration, Finance; GPA: 3.81

May 2022

- Graduated First Class; Best Outgoing Student, School of Business and Management (1 of 600); recipient of a scholarship for extracurricular contribution

EXPERIENCE

Goldman Sachs

Bangalore, India

Investment Specialist (Analyst), Asset & Wealth Management

Jan 2025 - Sep 2025

- Prepared performance reports, attribution commentary and review presentations for institutional insurance clients, covering 40+ fixed income portfolios monthly and nearly 60 at quarter-end
- Coordinated with portfolio managers to analyze benchmark-relative performance and portfolio positioning; wrote market commentary and materials for client meetings
- Reworked presentation templates for a large client and coordinated with PMs, operations, and other cross-functional teams to improve quality control under early-morning reporting deadlines
- Trained operations team members on reporting decks and production workflows, helping standardize recurring processes across high-volume deliverables

Kevnit Digital Business Solutions Pvt. Ltd.

Bangalore, India

Senior Consultant

Jan 2024 - Sep 2024

- Led a 6-member cross-functional team across 30+ application-development projects spanning AI, manufacturing, and education clients
- Gathered client requirements, translated them into actionable inputs for designers and developers, and built KPIs covering efficiency, design adherence, output quality, and client feedback
- Supported staff training and talent upskilling, contributed to an importer engagement that converted into recurring business, and helped improve client ratings across accounts

TresVista Financial Services

Pune, India

Research and Investment Services Analyst

Aug 2022 - Oct 2023

- Supported Evercore's Private Capital Advisory team on LP-led and GP-led secondaries by preparing portfolio summaries, valuation books, bid books, investor materials, and maintaining deal trackers across live transactions
- Worked across 20+ live deals representing \$3.5B+ cumulative NAV, coordinating GP approvals, monitoring LP interest, documenting deal inputs, and supporting transaction execution under intense timelines
- Prepared ad hoc DCF analyses and portfolio valuation materials while supporting concurrent U.S. and U.K. workstreams; delivered accurate outputs at speed using Excel, Salesforce, PitchBook, and Preqin

LEADERSHIP EXPERIENCE

Boston College

Chestnut Hill, MA

MSF Cohort Representative, Graduate Management Association, Carroll School of Management

2025 - 2026

- Represented MSF students within the Graduate Management Association and supported the planning and execution of student events, initiatives, and community drives

Christ University

Bangalore, India

University Student Council Representative, School of Business and Management

2019 - 2022

- Elected representative for 4,000+ students; later helped lead 40+ council members on university-wide initiatives and governance activities
- Introduced virtual student ID cards during COVID, enabling remote student access to benefits; also helped streamline grievance escalation and led promotional efforts for DAKSH Education Fair, contributing to record participation of 3,000+ attendees

PROJECTS

- Performance Analysis of Top-Decile Active vs. Passive U.S. Large-Cap Funds: conducted a risk-adjusted comparison using CAPM and Fama-French models with Bloomberg and Morningstar data
- Greek Sovereign Debt Crisis Case: analyzed ECB actions, structural weaknesses of the single-currency framework, and cross-border policy tradeoffs within the euro area

TECHNICAL SKILLS

Tools: Advanced Excel, PowerPoint, Python (pandas), Jupyter Notebook

Platforms: Bloomberg, FactSet, PitchBook, Preqin, Morningstar, Salesforce

Finance: Portfolio reporting, performance attribution, financial modeling, DCF, comparable company analysis
